

# WAR INSURANCE BILL PASSES THE HOUSE

(By Associated Press.)

WASHINGTON, Sept. 14.—As the insurance bill went to the senate last night, private and officers and their dependents stand on exactly the same basis. Benefits and allowances now provided are for slightly higher than those originally proposed as the minimum for private by the committee and considerably lower than the maximum amounts which officers and their dependents would have received.

President Wilson scored a personal victory in the adoption 141 to 77 of an amendment raising from \$5000 to \$10,000 the maximum amount of optional insurance policies that the government would issue to all men in the service. The original draft of the bill carried \$10,000 but it was stricken out in committee.

The midship of the attack of opponents of the measure on the optional insurance section caused surprise. This fight, however, will be carried to the senate by the insurance companies, it is understood.

The main purpose of the bill is to provide a substitute for the present pension law as it would apply to men engaged in this war a new system of allotments and compensations which will take care of dependents of the soldier and rehabilitate men upon their return from the war.

Upon enactment under the provisions of the bill, a soldier or sailor would be entitled to take out from \$1000 to \$10,000 optional insurance at approximately \$8 per \$1000. His dependents would be entitled to allotments from the government of from \$5 to \$50 per month and an equal amount up to \$15 per month from his pay.

Death or total disability resulting, the dependents of any person in the military or naval service, including women members of the nurse corps, would be entitled to compensation ranging from \$20 to \$70 per month, and the insurance.

In case of total disability the injured persons would be paid from \$40 to \$100 per month.

Elimination of the committee com-

pensations provisions came unexpectedly. No serious opposition to them was promised until Representative Black of Texas, suddenly began assailing the proposal as a most undemocratic thing to impose upon an army fighting for democracy.

He was quickly supported and his proposal to equalize the benefits of all classes was adopted unanimously.

Opinions differ as to cost of applying the measure. The first year the appropriation is \$176,000,000, but it is declared by some that this will not be nearly enough. Representative Gillett of Massachusetts, acting Republican leader, declared today that the second year cost of administration would nearly \$2,000,000,000.

The measure is not complete in respect to its rehabilitation feature. Provision merely is made for rehabilitation, and the details will be worked out later. Representative Fess of Ohio, particularly urged the house to be liberal in dealing with this provision. Statistics showed, he said, that 85 per cent of the broken men who return from the British front can be rehabilitated.

## RED TOP CONTROL SOLD IN NEW YORK

(Special to Bonanza)  
SAN FRANCISCO, Sept. 14.—Advices received today from R. L. Colburn now in New York, state that control of Red Top reorganized of Manhattan, has passed to an eastern syndicate, headed by an engineer of prominence who is expected tomorrow to announce his acceptance of the offices of president and general manager. Examinations of the Red Top property, the acquisition of additional territory and the full equipment recently installed have been in accordance with suggestions previously made. Colburn and some of his associates retain a considerable interest in the Red Top, which has been active on the San Francisco exchange this week at higher prices. Last advices received here from Manhattan indicated that the sinking of the shaft from the 110 foot level would be hastened by direction of Colburn from New York.

## SWIMMING POOL WILL BE OPENED

This morning two sweet little children came to the Bonanza office. Each carried a bright silver dollar in the right hand and each wanted to help along the great swimming pool project. They were only little tots but their hearts were in the right place and their dollars are cheerfully acknowledged now as the gifts of Martha Carlson and Douglas Willings.

The desire to share the pleasure of the bath is so great that the committee has to deplore the fact that there is a disposition to ignore the regulations. Notwithstanding the presence of a watchman there last night some eight men and boys climbed the fence and entered the pool. The names are known and they will be debarred from the pool for at least two weeks after the opening.

The committee has decided to admit boys and girls to the pool Saturday and Sunday afternoons from 3 to 5 p. m. providing they are supplied with appropriate bathing suits but after that the place will be closed again until a roof can be put on. The work on this will begin either Monday or Tuesday.

Tomorrow morning the committee wants 100 stout boys with shovels to go to the pool to help place the finishing touches on the ground. After the boys get through with their shoveling tomorrow they will be treated to a bath so all boys and girls are invited to bring their bathing suits for a dip between 2 and 5 o'clock.

A lady and gentleman attendant will be present to look after the children.

More money is needed to carry out the plans which involve roofing in the pool and further subscriptions are needed.

The following subscriptions were received today up to 3 o'clock and further amounts will be acknowledged tomorrow: Stock & Barnes, Sandy Nelson and Chris Sorenson, \$2 each; — Davies, R. D. Matters, H. S. Wright, Lowell Lyons, \$1 each; Frank Pittman, \$2.50; W. C. Lamb, R. J. Highland, Elmer Tansey, Mrs. Hamilton Reid, T. & G. market, additional, \$5.00 each.

## AMUSEMENTS

### JUNE CAPRICE AT THE BUTLER

The attraction at the Butler this evening is June Caprice, who will appear in Wm. Fox's latest photoplay "Patsy." "Patsy" is filled with more sunshine and happiness than any picture play in which the "Sunshine Maid" has yet appeared. It is also crowded with more thrills and adventure. The story of "Patsy" opens in a little western town just as Patsy Prim, the role played by Miss Caprice, starts for New York to meet Richard Hewitt, an old friend of her father. But since Mr. Hewitt had died a few years before the letter is received by Dick Hewitt, a fast living young sport. Dick undergoes a great change on meeting Patsy who makes her home in his bachelor apartments. He longs to wed the wild and innocent girl and settle down. A tangled affair he has had with an adventuress interferes for a time, but the women is finally exposed and Dick and Patsy marry. In addition to the feature, another one of those delightful "Country Life Series" of Paul Blackton will be shown, and it always is a relief to see one of these pretty little true to life stories.

Tomorrow, Dorothy Dalton, in "Will Winship's Widow," a dandy snappy Triangle comedy. Coming soon "Intolerance." Do not miss it!

INFORMAL DANCE IN THE MIZPAH LOBBY

The informal dance to be given tonight by the T. A. R. in the lobby of the Mizpah hotel will be an innovation for Tonopah, though the practice is a very usual one in the larger towns and cities. If it proves popular with the public similar dances will be given throughout the winter. Good music has been arranged for and several popular local entertainers will appear at intervals during the evening. Punch will be served. No charge will be made for anything and everyone is urged to come.

MUSICIANS' UNION ARRANGES PATRIOTIC REUNION

The Tonopah Musicians' union has arranged to celebrate the anniversary of the order next Wednesday night with a grand ball at the Aldrome. The dance will be conducted on the jitney plan and every recruit in Esmeralda, Nye and Mineral counties has received a personal invitation to attend. The musicians have always been foremost in donating their services to the celebration of patriotic events and it is expected that the boys will receive a good sendoff on the 19th as it will be a double compliment both to the departing soldiery and the union.

## FISH FRY TAKEN TO NYE COUNTY CREEKS

Twelve cans of trout and one can of bass fry arrived this morning from the state hatchery at Verdi and were immediately taken out by enthusiastic sportsmen who take an interest in stocking the streams of Nye county. The process of handling the fish is very delicate as they have to be kept at the same temperature as that of the hatchery when loaded into the cans. This is done by the couriers taking ice in their machines to preserve the life of the fry. When the stream is reached another difficulty is found in raising or reducing the temperature to the same as that of the natural stream. This is done by placing the cans in the stream. The work of distribution was taken care of as follows:

R. B. Davis, chairman of the county commissioners and Jack Grant, chief of police, took two cans to Barley creek and one to Meadow canyon. Clark James took two cans to Peavine creek, two cans to Twin rivers and one can to Jett canyon. Jack Barrier, county treasurer and Larry Glass, county clerk, went out with one can of trout and one can of bass to Duckwater.

Al Frevert and Ed Powers took two cans to Pine Creek and one to Hunt's canyon.

## LAND VALUATIONS ADOPTED

At a meeting of the state board of equalization yesterday morning the following valuations were adopted and placed on cultivated lands in the state of Nevada, with the exception of lands in Churchill, Clark, Lincoln, Ormsby and Washoe counties, the lands in those counties being subject to special statement:

First class cultivated, per acre, \$50  
Second class cultivated, per acre, \$55  
Third class cultivated, per acre, \$44  
Fourth class cultivated, per acre, \$30

The committee on town property will render a partial report this afternoon.—Carson Appeal.
